Pathogen dilution effects in the Wadden Sea:

How invasive species release natives from pathogen pressure

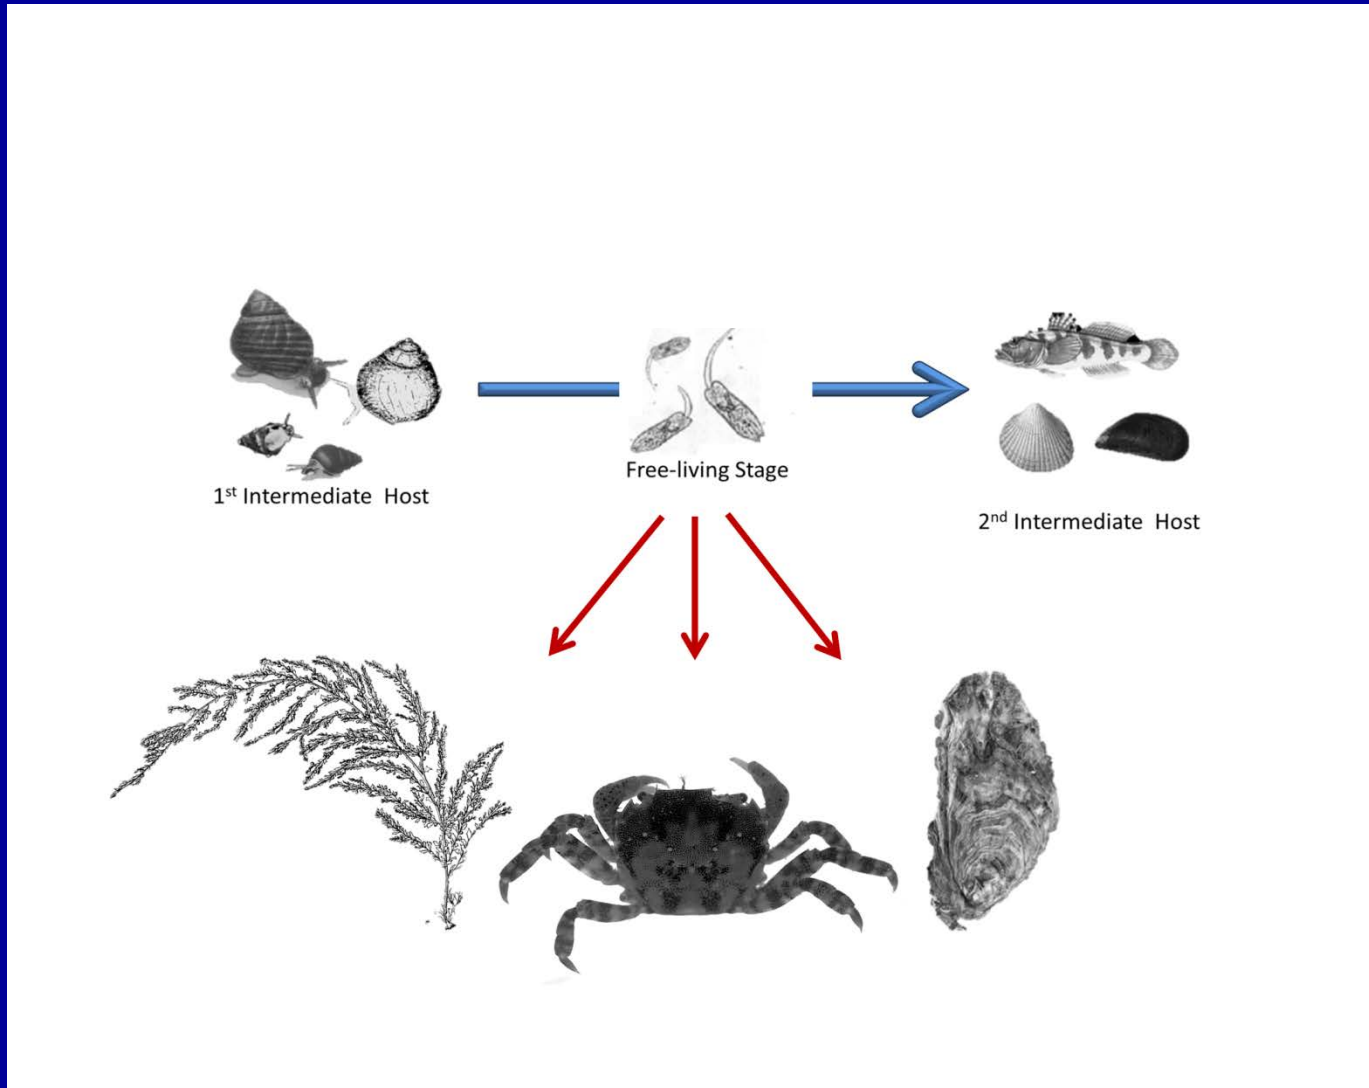

Jennifer Welsh
Department of Marine Ecology

Invasive Species Can Reduce Disease Risk

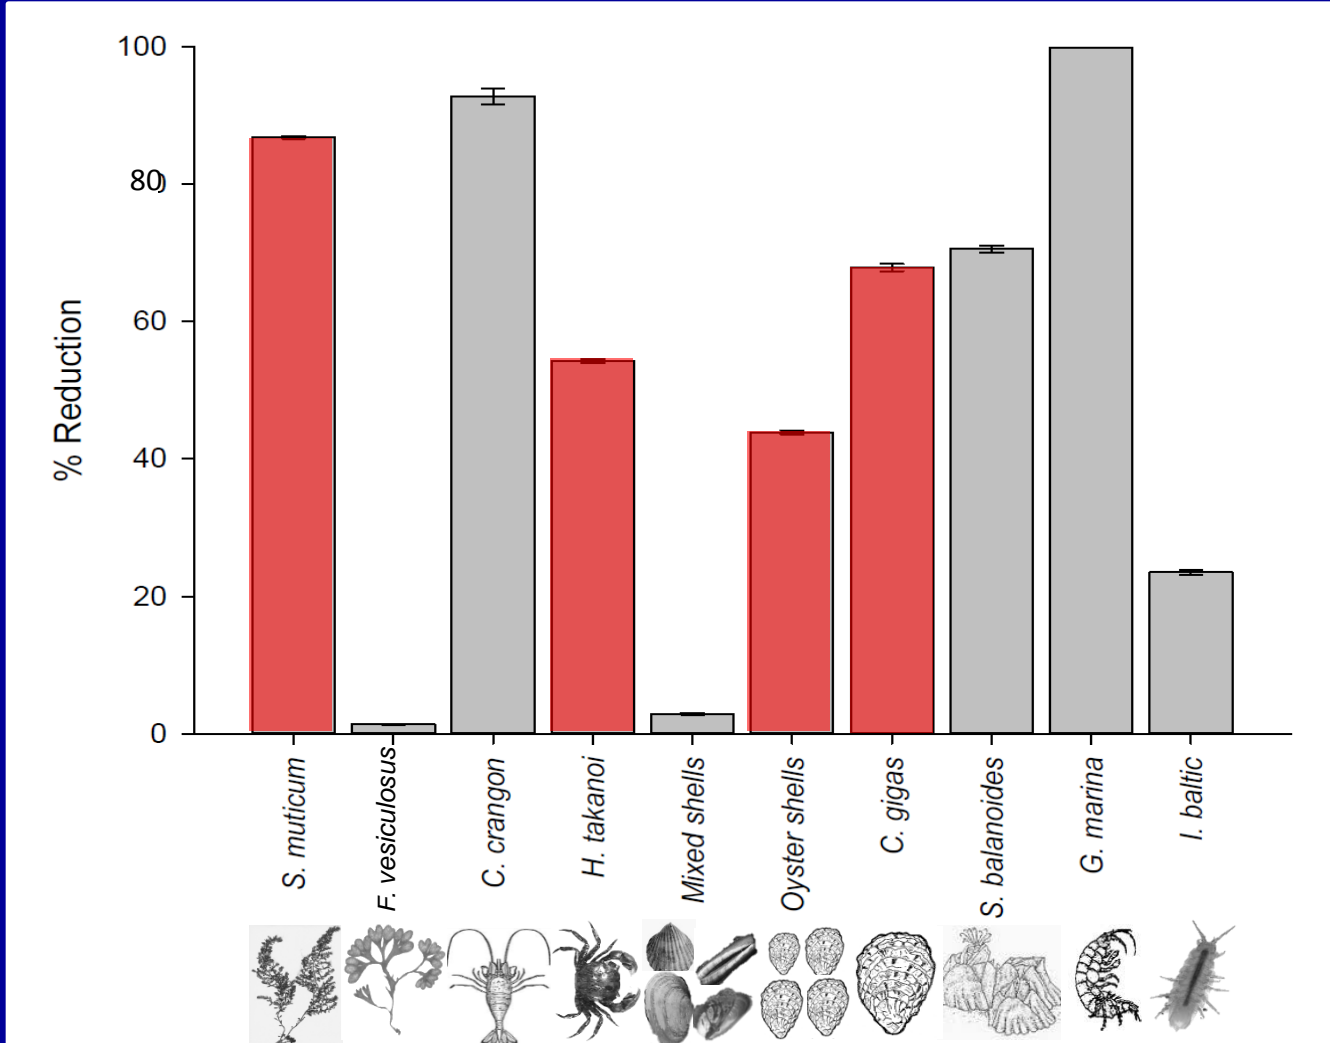

Modified from: D.W. Thieltges *et. al.* Biological Invasions. 11 (2009) 1421–1429.

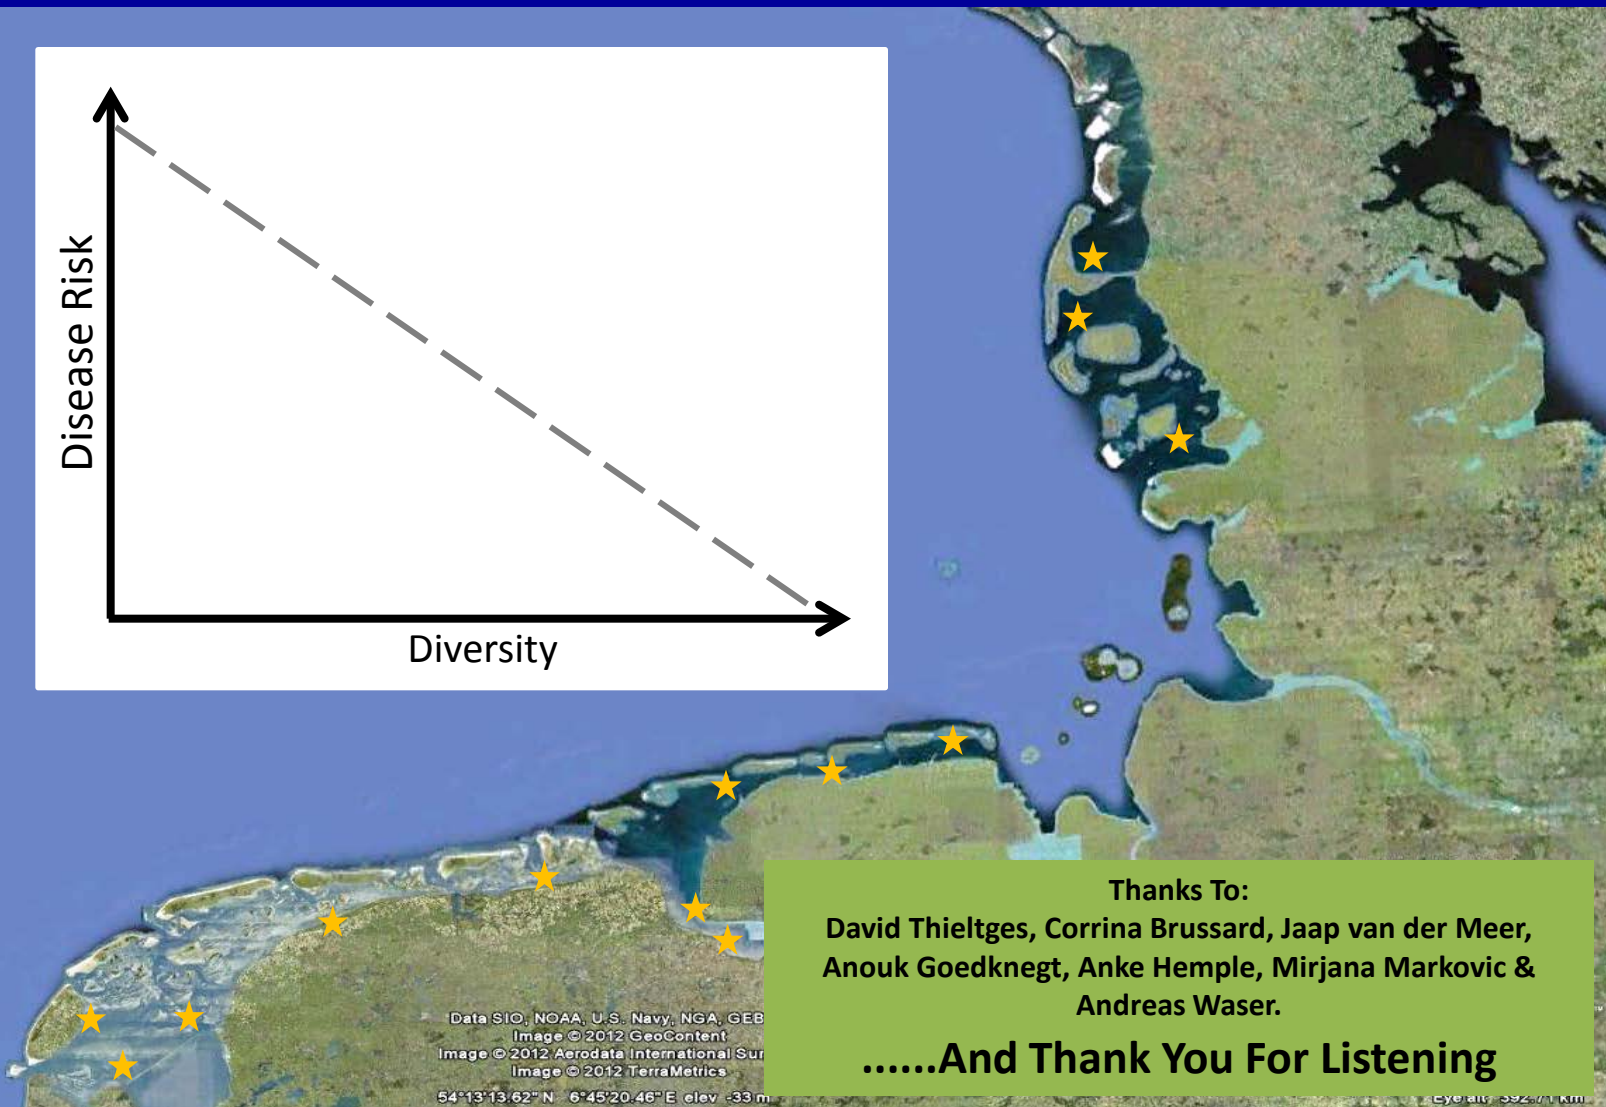

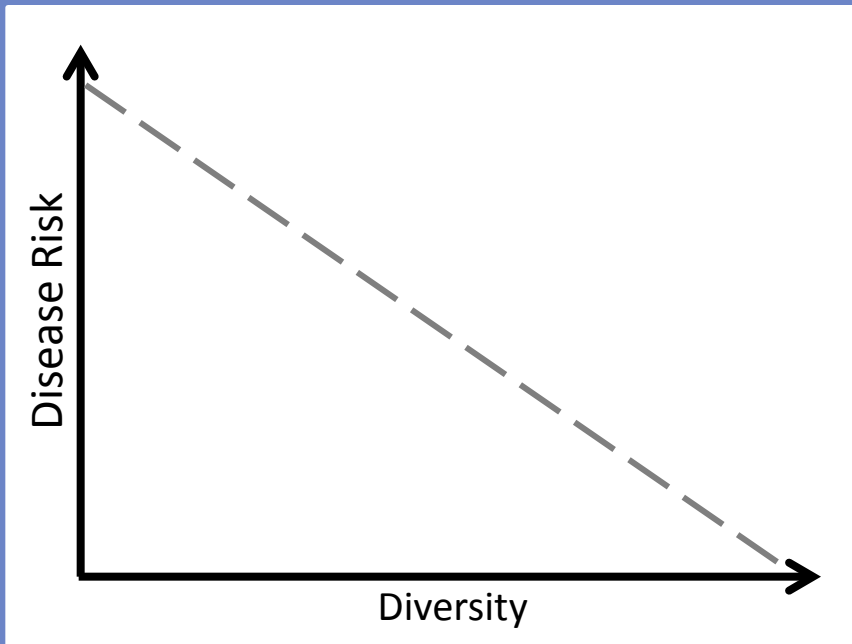

How Do Invasive Species Affect Parasite Infections?

What Organisms Cause Dilution In The Wadden Sea?

Current & Future Studies
